</table>
| **Political Board**           | • Give guidance to the project at the political and strategic level  
• Make decisions and approve suggestions of the “Technical Steering Committee”  
• Inform the (Under-)Secretary of DOTC and further relevant high level decision makers about the progress and ensure the circulation of information  
• Mainstream the NAMA concept to all relevant political levels and the public | |
| **Chair**                     | • Convene and moderate the meetings of the Committee (supported by the Technical Secretariat)  
• Monitor and actively follow-up the implementation of the annual work plan and other activities of the NAMA  
• Facilitate the decision making within the Committee  
• Coordinate the external communications related to the NAMA | Responsible: DOTC |
| **Technical Secretariat**     | • Support the Chair in the performance of its duties  
• Prepare the agendas for the Committee meetings in coordination with the Chair  
• Prepare and distribute minutes of the Committee meetings  
• Prepare and document the annual planning workshops  
• Continually assess the progress of the annual work plan and submit it to the Committee  
• Make all documents related to the NAMA available to all members through an online platform | Responsible: GIZ |
| **Technical Steering Committee** | • Develop and update the annual work plan and to implement the activities according to the responsibilities of each party  
• Give guidance and decide on suggestions/concerns from the working groups  
• Decide on the integration of new members to the committee  
• Appoint a head for each working group and further members | Nomination: the Chair asks the members of the Committee via email to designate a main and alternative representative |
| **Working Groups**            | • Prepare the decision making within the Committee due to technical input and feedback  
• Include further experts and stakeholders to integrate all necessary information into the preparation of the decision making process  
• Guide experts and consultants who are working on the preparation and implementation of the NAMA  
• Review the progress of consultancies |
