121 PARTICIPATORY PROCESSES
Merida is the capital and the most populated municipality in the state of Yucatan, concentrating 42.55% of the state population.

In 2015 a population of 892,363 inhabitants was estimated for the municipality of Merida.

Mérida has advances related to urban mobility. For the development of the Mérida SUMP, these will be taken as a framework.

**Master Plan for Sustainable Urban Mobility.**

**Non-Motorized Urban Mobility Plan for the Metropolitan Area.**
